ECR - Content - Informative *Rubric*

After reading a student's paper, check the box that best represents their response.
It is best to thoroughly read their paper and then mark the boxes without continually referring back to their paper.
The rows are assigned different point values. Only mark ONE box per column!
Based on the boxes you marked in each row, multiply that number of boxes by the number assigned to that row.
Add the points together. That is the raw score of the student's response.
To determine the scale score (holistic and gradebook equivalent), look at the charts below the rubric.

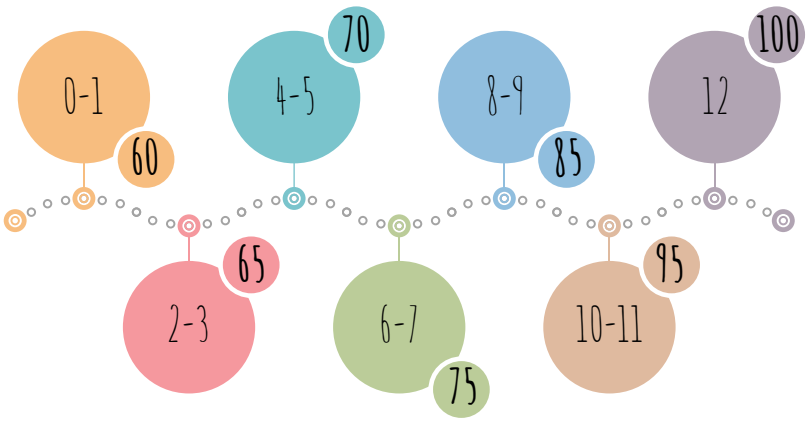

Student Name:	Date:	Paper:

	Central Idea Controlling Idea Thesis	Organization	Evidence	Expression of Ideas
3 Points Each this Row	CI/Thesis Clear CI/Thesis Focused CI/Thesis Easy to Follow	Clear Introduction Clear Conclusion Organization Supports Thesis Connected Ideas	Text Evidence Relevant Text Evidence Explained Text Evidence ALWAYS Supports Thesis	Word Choice Efficient WC Enhances Response Mostly Effective Sentence Construction
2 Points Each this Row	CI/Thesis Present Missing Parts	Present Introduction Present Conclusion Structure Doesn't Always Support Thesis	Text Evidence Found Text Evidence Insufficient Text Evidence Doesn't Always Support Thesis	Word Choice General WC Not Always Clear Some Sentences Ineffective Sentences Weaken Response
1 Point Each this Row	CI/Thesis Present Missed Prompt	Possible Introduction Possible Conclusion Weak Organizational Structure	Text Evidence Repetitive Text Evidence Unrelated to Thesis Not Enough Text Evidence	Word Choice Vague WC Highly Limited WC/Sentence Construction Interferes w Comprehension
0 Points Each this Row	CI/Thesis Not Present	No Introduction No Conclusion No Organizational Structure	Text Evidence Not Found Text Evidence Irrelevant	Ideas are Unclear Ideas are Incoherrent
